

GUIDELINES

SUBJECT: Guidelines for Determining Corrective/Disciplinary Action for Violations of University of Miami Billing Compliance Plan	EFFECTIVE DATE: 03/24/2015	
	SUPERCEDES:	REVIEW DATE:
APPROVED BY: UMMG Performance and Executive Committees	NUMBER OF PAGE (s):	

I. PURPOSE:

The policy of the University of Miami/Miller School of Medicine is to bill only for professional services actually provided. The University recognizes that special billing requirements may apply to certain government-sponsored programs or to other providers; any such requirements must be followed.

II. SCOPE:

In selecting codes to describe services rendered, University physicians/practitioners and billing personnel are to select codes that they believe, in good faith, correspond to the services rendered as documented in the medical record. University physicians/practitioners and billing personnel should have a collective responsibility to be knowledgeable about the meaning of the codes applicable to their area of practice, including relevant directives from billing authorities. In addition to the disciplinary action policy, all University physicians/practitioners should be in adherence with UMMG Enforcement Policy.

III. GUIDELINES:

University of Miami Physicians/Practitioners and billing personnel should never submit a claim that is known to contain inaccurate information concerning the service provided, such as the charges, the identity of the physician who provided the service, the date of service, the place of service, or the Identity of the patient.

When in doubt about how to bill a particular service, including the proper CPT/ ICD-9/ICD-10 code(s) to use, a claim should not be submitted until guidance is obtained from the Department's Billing Office and/or the Office of Billing Compliance. The resolution of any such billing questions should be documented in writing.

It is the responsibility of the billing physician/practitioner to ensure that the documentation in the medical record supports the bill being submitted under their name and provider number and follow all applicable Federal and State Regulations.

IV. Guidelines for Determining Corrective/Disciplinary Action For Deficiencies in Coding, Billing and Documentation (unacceptable high error rate) and/or Violations of University of Miami Billing Compliance Plan

Violation	Examples of Violations (meant to be illustrative not all inclusive)	Corrective/Disciplinary Actions
